

23rd Annual Winter Symposium
January 12–15, 2023

Abstract Submission Information

Evaluation of abstracts will be based on the following considerations:

Originality (idea): Is the idea truly different or a restatement of other work?

Methods: What was done with the idea? How were the methods described? How reliable and valid were the methods used? Were new or untried methods validated and calibrated properly?

Analysis: What was done with the data once obtained? Were statistical methods used, if necessary, and were they appropriate?

Results: How valid are the results? Are they feasible? How well are they described?

Conclusions: Were any conclusions drawn? Were the conclusions appropriate to the questions asked and to the results? Were the conclusions valid?

Writing: Is the style grammatically correct and is the paper presented in a well-organized, clear, and understandable fashion?

The abstract submission deadline, [Monday, September 12, 2022 by 5:00 P.M. Eastern Time](#), will remain firm, and any abstracts received after the deadline will not be accepted.

All accepted abstracts will be published in their entirety in an electronic format.

If accepted for presentation at the meeting, the abstract will be published as entered into this program, however, the Editors reserve the right to edit any abstract that contains grammatical errors.
