THE WINTER SYMPOSIUM

The most respected leaders in the field of transplant surgery are gathering in Miami in January for the 23rd Annual State of the Art Winter Symposium. Don't miss this unique opportunity to get their attention! The Winter Symposium is focused on pertinent topics in transplantation, such as surgical management, technical challenges, legislative and regulatory issues, emerging technologies, wellness, and research. The meeting is designed to appeal to all members of the transplant surgical team and is the perfect forum to build and strengthen relationships with transplant surgeons, physicians, scientists, researchers, and allied health professionals. Our attendees are enthusiastic about discussing the latest technologies, products, and services in transplant, so it's crucial for your company to have a presence at our meeting. In addition, the closing dinner will offer a unique opportunity for member interactions. We look forward to seeing you in Miami!
