

Liver, Kidney and Pancreas Transplant and Hepato-Pancreato-Biliary (HPB) Surgery

Place of Service: Hospital A { } Hospital B { }

Patient Sticker:

Date of Service:

LIVER SURGERIES		CPT	MOD	GENERAL SURGERIES		CPT	MOD
Allotransplantation: orthotopic, partial/whole, cadav/living donor		47135	62	Adrenalectomy or explore adrenal gland w/ or w/o bx		60540	
Backbench prep, cadaver donor: without trisegment or lobe split		47143		Cholangiography; intra-operative, S&I		74300	
Backbench prep cadaver donor: with trisegment split		47144		Cystorrhaphy, simple		51860	
Backbench prep cadaver donor: with lobe split		47145		Drain peritoneal abscess or localized peritonitis; open		49020	
Backbench reconstruct, cadav/living donor: venous anast. each		47146		Drain retroperitoneal abscess; open		49060	
Backbench reconstruct, cadav/living donor: arterial anast. each		47147		Excision, open, intra-ab tumors/cysts, >10.0 cm dia		49205	
Bile Leak repair		47999		Excision, open, intra-ab tumors/cysts, 5 cm dia or less		49203	
CBDE		47420		Excision, open, intra-ab tumors/cysts, 5.1-10.0 cm dia		49204	
Hepaticojei		47780		Explor laparotomy w/ or w/o bx (separate proc)		49000	
Exis bile duct tumor extrahep		47711		Explor retroperitoneal area w/ or w/o bx (sep proc)		49010	
Exis bile duct tumor intrahep		47712		Hernia repair: incisional/ventral <i>initial</i> , reducible, open		49560	
Ablation, laparoscopic, 1 or more liver tumor(s), radiofrequency		47370		Hernia repair: incisional/ventral <i>recurrent</i> , reducible, open		49565	
Ablation, laparoscopic, 1 or more liver tumor(s), cryosurgical		47371		Hernia repair: inguinal <i>initial</i> , reducible, open		49505	
Ablation, open, 1 or more liver tumor(s), radiofrequency		47380		Hernia repair: inguinal <i>recurrent</i> , reducible, open		49520	
Ablation, open, 1 or more liver tumor(s), cryosurgical		47381		Hernia repair: umbilical, reducible, open		49585	
Biopsy of liver, needle; percutaneous		47000		Implantation of mesh for <i>open incisional or ventral hernia</i>		+ 49568	
Biopsy of liver, needle; done w/ other major procedure		47001		Insertion, tunneled intraperitoneal cath for dialysis, open		49421	
Biopsy of liver, wedge		47100		Laparoscopy surgical, w/ aspiration of cyst		49322	
Hepatotomy; open drainage of abscess/cyst, 1 or 2 stages		47010		Laparoscopy surgical, w/ biopsy		49321	
Hepatectomy, resection of liver; partial lobectomy		47120		Omentectomy (separate proc)		49255	
Hepatectomy, resection of liver; trisegmentectomy		47122		Peritoneocentesis; initial		49080	
Hepatectomy, resection of liver; total left lobectomy		47125		Peritoneocentesis; subsequent		49081	
Hepatectomy, resection of liver; total right lobectomy		47130		Removal of peritoneal FB from peritoneal cavity		49402	
Marsupialization of cyst or abscess of liver		47300		Removal of tunneled intraperitoneal cath		49422	
Cholecystectomy		47600		Reopening of recent laparotomy		49002	
KIDNEY SURGERIES		CPT	MOD	PQRS [Please see back for eligible CPTs]			
Allotransplantation: exclude donor & recipient nephrectomy		50360		Ureteroneocystostomy; 1 ureter		50780	
Allotransplantation: with recipient nephrectomy		50365		Ureteropyelostomy anastomosis		50740	
Autotransplantation, reimplantation of kidney		50380		Fluoro guidance for central access device placement		77001	26
Backbench prep of cadaver donor renal allograft		50323		Fluoro guidance, needle placement (eg, bx, aspiration)		77002	26
Backbench prep of living donor renal allograft (open or lap)		50325		US guidance for & monitoring of, parenchymal tissue ablation		76940	26
Backbench reconst, cadav/living donor: venous anast. each		50327		US guidance needle placement (eg, biopsy); S&I		76942	26
Backbench reconst cadav/living donor: arterial anast. each		50328		US guidance; intraoperative		76998	26
Backbench reconst cadav/living donor: ureteral anast. each		50329		Measure 20: Perioperative Care-Timing of Antibiotic Prophylaxis			
Donor nephrectomy: open, living donor		50320		Order for prophylactic parenteral antibiotic		G8629	
Recipient nephrectomy (separate procedure)		50340		Prophylactic parenteral antibiotic has been given 1 hr prior to incision		G8630	
Removal of transplanted renal allograft		50370		Prophylactic parenteral abx <i>not given</i> : for documented reason		G8631	
Ablation, laparoscopic, renal cysts		50541		Prophylactic parenteral abx <i>not given</i> : for reason not specified		G8632	
Ablation, laparos, renal cysts; include intraop U/S guide		50542		Measure 21: Perioperative Care:Selection of Prophylactic Antibiotics			
Ablation, open, cryosurgery, 1 or more renal mass lesion(s)		50250		Order for cefazolin OR cefuroxime		4041F	
Drainage of perirenal or renal abscess		50020		1st or 2nd order cephalosporin <i>not ordered</i> : medical reason		4041F-1P	
Excision or unroofing, kidney cyst(s)		50280		1st or 2nd order cephalosporin <i>not ordered</i> : reason not specified		4041F-8P	
Renal biopsy, percutaneous		50200		Measure 22: Perioperative Care:Discontinuation of Prophylactic ABX			
Renal biopsy, surgical exposure of kidney		50205		Prophylactic abx given 4 hrs prior to surg incision or given intraop		4046F <i>and</i>	
Renal exploration, not necessitating other procedures		50010		Order given to discontinue abx w/in 24 hrs of surgical end time		4049F <i>or</i>	
PANCREAS SURGERIES		CPT	MOD	Prophylactic antibiotics <i>not discontinued</i> for medical reason		4049F-1P <i>or</i>	
Transplantation of pancreatic allograft		48554		Prophylactic antibiotics <i>not discontinued</i> for reason unspecified		4049F-8P	
Backbench prep of cadaver donor pancreatic allograft		48551		Patient <i>did not receive</i> prophylactic abx w/in specified timeframe		4042F	
Backbench reconst, cadaver donor; venous anast, each		48552		Measure 23: Perioperative Care:Venous Thromboembolism (VTE) Prophylaxis			
Removal of transplanted pancreatic allograft		48556		Order given for VTE prophylaxis to be given		4044F	
Biopsy of pancreas; open		48100		Order <i>not to give</i> VTE prophylaxis for medical reason		4044F-1P	
Biopsy of pancreas; percutaneous		48102		VTE prophylaxis <i>not ordered</i> for reason not specified		4044F-8P	
Excision of pancreatic lesion (cyst, adenoma)		48120		MODIFIERS			
Resection or debridement, pancreas/peripancreatic tissue		48105		Resident/Fellow involvement	GC	Staged procedure	58
Pancreatectomy, distal subtotal w/o pancreaticojejunostomy		48140		Co-surgery	62	Distinct procedure	59
Pancreatectomy, distal subtotal with pancreaticojejunostomy		48145		Assistant at surgery	82	Related procedure during global	78
Marsupialization of pancreatic cyst		48500		Discontinued procedure	53	Unrelated procedure during global	79
Drainage, open, pseudocyst of pancreas		48510		Increased Procedural Services	22		
Internal anastomosis of pancreatic cyts to GI tract, direct		48520		DIAGNOSIS LINKAGE			
Internal anastomosis of pancreatic cyts to GI tract, Roux-en-Y		48540		1. _____			
ADDITIONAL SURGERIES				2. _____			
				3. _____			
				4. _____			

Surgeon A, MD

Surgeon B, MD

Surgeon C, MD

[x] ELIGIBLE CPTs FOR PERIOPERATIVE MEASURES

LIVER SURGERIES		CPT	20	21	22	23	GENERAL SURGERIES		CPT	20	21	22	23
Allotransplantation: orthotopic, partial/whole, cadav/living donor	47135	x				x	Adrenalectomy or explore adrenal gland w/ or w/o bx	60540					x
Backbench prep, cadaver donor: without triseqment or lobe split	47143						Cholangiography; intra-operative, S&I	74300					
Backbench prep cadaver donor: with triseqment split	47144						Cholecystectomy	47600	x	x	x	x	
Backbench prep cadaver donor: with lobe split	47145						Cystorrhaphy, simple	51860					
Backbench reconstruct, cadav/living donor: venous anast. each	47146						Drain peritoneal abscess or localized peritonitis; open	49020					x
Backbench reconstruct, cadav/living donor: arterial anast. each	47147						Drain retroperitoneal abscess; open	49060					x
Donor hepatectomy, cadaver donor	47133						Excision, open, intra-ab tumors/cysts , >10.0 cm dia	49205					x
Donor hepatectomy, living donor: left lateral segment only	47140	x				x	Excision, open, intra-ab tumors/cysts , 5 cm dia or less	49203					x
Donor hepatectomy, living donor: total left lobectomy	47141	x				x	Excision, open, intra-ab tumors/cysts , 5.1 -10.0 cm dia	49204					x
Donor hepatectomy, living donor: total right lobectomy	47142	x				x	Explor laparotomy w/ or w/o bx (separate proc)	49000					x
Ablation, laparoscopic, 1 or more liver tumor(s), radiofrequency	47370					x	Explor retroperitoneal area w/ or w/o bx (sep proc)	49010					x
Ablation, laparoscopic, 1 or more liver tumor(s), cryosurgical	47371					x	Hernia repair; incisional/ventral initial, reducible, open	49560					x
Ablation, open, 1 or more liver tumor(s), radiofrequency	47380					x	Hernia repair; incisional/ventral recurrent, reducible, open	49565					x
Ablation, open, 1 or more liver tumor(s), cryosurgical	47381					x	Hernia repair; inguinal initial, reducible, open	49505					
Biopsy of liver, needle; percutaneous	47000						Hernia repair; inguinal recurrent, reducible, open	49520					
Biopsy of liver, needle; done w/ other major procedure	47001						Hernia repair; umbilical, reducible, open	49585					
Biopsy of liver, wedge	47100					x	Implantation of mesh for open incisional or ventral hernia	49568	x	x	x	x	
Hepatectomy; open drainage of abscess/cyst, 1 or 2 stages	47010					x	Insertion , tunneled intraperitoneal cath for dialysis, open	49421					
Hepatectomy, resection of liver; partial lobectomy	47120					x	Laparoscopy surgical, w/ aspiration of cyst	49322					x
Hepatectomy, resection of liver; trisegmentectomy	47122					x	Laparoscopy surgical, w/ biopsy	49321					x
Hepatectomy, resection of liver; total left lobectomy	47125					x	Omentectomy (separate proc)	49255					x
Hepatectomy, resection of liver; total right lobectomy	47130					x	Peritoneocentesis; initial	49080					
Marsupialization of cyst or abscess of liver	47300					x	Peritoneocentesis; subsequent	49081					
CBDE	47420	x	x	x	x	x	Removal of peritoneal FB from peritoneal cavity	49402					
Hepaticoieci	47780	x	x	x	x	x	Removal of tunneled intraperitoneal cath	49422					
Exis bile duct tumor extrahep	47711	x	x	x	x	x	Reopening of recent laparotomy	49002					x
Exis bile duct tumor intrahep	47712	x	x	x	x	x	Ureteroneocystostomy; 1 ureter	50780					x
							Ureteropyelostomy anatomosis	50740					
KIDNEY SURGERIES		CPT	20	21	22	23	PANCREAS SURGERIES		CPT	20	21	22	23
