

## Education Workshop

Friday, January 10, 2020

8:00 am – 11:00 am

### AGENDA

#### Diversity, Equity, and Inclusion Session

##### Goals:

1. To report the current state of diversity and inclusion among US transplant surgeons
2. To increase awareness of the importance of a diverse and inclusive transplant workforce, and current challenges to achieving optimal diversity and inclusion
3. To establish action items for the ASTS and transplant community at large to promote broader representation among transplant trainees and faculty, promote diversity in leadership in US transplantation, and improve our ability to serve a diverse patient population

*Session Moderators: Jayme E. Locke, MD, MPH and Andre A.S. Dick, MD*

8:00 am – 8:10 am	<b>What is the current state of diversity and inclusion in US transplant surgery? Among faculty? Among trainees?</b>	Marwan S. Abouljoud, MD <i>Henry Ford Hospital</i>
8:10 am – 8:40 am	<b>Leading change towards inclusion in surgery</b>	Henri R. Ford, MD <i>University of Miami</i>
8:40 am – 9:30 am	<b>Personal experiences in transplant and action items for the ASTS: Panel Discussion</b>	<b>Moderators:</b> Jayme E. Locke, MD, MPH <i>University of Alabama at Birmingham</i> Andre A.S. Dick, MD <i>University of Washington Seattle</i> <b>Panelists:</b> Lisa McElroy, MD <i>Duke University</i> Henri R. Ford, MD <i>University of Miami</i> Wendy J. Grant, MD, FACS <i>University of Nebraska Medical Center</i> Tanjala S. Purnell, MD, PhD, MPH <i>Johns Hopkins University</i> Anthony C. Watkins, MD <i>Weill Cornell Medicine</i>

**Minimally Invasive Approach in Transplantation Session**

**Goals:**

1. To report the current state of minimally invasive surgery in transplantation
2. Technical aspects of minimally invasive surgery in liver and kidney transplantation and donation
3. Training the trainee and how to establish advance minimally invasive approach in transplant settings?

*Session Moderators: Andre A.S. Dick, MD and Chris Sonnenday, MD*

<b>9:30 am – 9:40 am</b>	<b>Minimally invasive liver donation and discussion</b>	Ben Samstein, MD <i>Weill Cornell Medicine</i>
<b>9:40 am – 9:50 am</b>	<b>Minimally invasive kidney transplantation discussion</b>	Atsushi Yoshida, MD <i>Henry Ford Hospital</i>
<b>9:50 am – 10:00 am</b>	<b>Minimally invasive kidney donation and discussion</b>	Chandra S. Bhati, MD <i>Virginia Commonwealth University</i>
<b>10:00 am – 10:10 am</b>	<b>Training opportunities for fellows, residents and surgeons</b>	
<b>10:10 am – 10:20 am</b>	<b>Fellowship prospective</b>	Bhargava Mullapudi, MD <i>University of Cincinnati</i>
<b>10:20 am – 11:00 am</b>	<b>Panel Discussion</b>	<b>Panel:</b> Talia Baker, MD <i>University of Chicago</i> Chandra S. Bhati, MD <i>Virginia Commonwealth University</i> Bhargava Mullapudi, MD <i>University of Cincinnati</i> Ben Samstein, MD <i>Weill Cornell Medicine</i> Atsushi Yoshida, MD <i>Henry Ford Hospital</i>
