

Disclosures - ASTS 14th Annual State of the Art Winter Symposium, January 23 - 26, 2014, Miami FL

ASTS ensures that all CME certified activities are fair, valid, balanced, scientifically rigorous and free of commercial bias designed to promote professional performance, competency, and improved patient outcome. The ASTS has reviewed all disclosures and resolved or managed all identified conflicts of interest, as applicable. All relevant potential conflicts of interest that are identified and are vetted through the ASTS Resolution of Conflict of Interest process which includes appropriate peer review for fair balance, scientific objectivity and validity, patient care and safety recommendations.

The following faculty/presenters/moderators/panelist/planners have no relevant financial relationships with respect to this activity.
